HAPPY EARTH DAY, EVERYONE!

As you know, Fundtastic Fundraising strongly advocates environmental responsibility and sustainability, and works to promote this philosophy in our work within our communities and in our schools. So continue to spread the word, and remember that your next fundraising campaign can and should be environmentally and socially responsible!

NOW IS THE TIME TO DEVELOP NEXT YEAR'S FUNDRAISING PLAN!

We are just a few months away from the end of the school year, and now is the time to develop and plan next year's fundraising campaign! We know that you are probably thinking that now is the time to wind down your activities and start thinking about summer holidays, but in reality, spring is the best time to plan your fundraising activities for the upcoming year.

For teachers and parents involved in Parent Council activities, you know how busy September can be. And it seems that the need to commit to your fundraising campaign for the upcoming school year, just as you are getting started in September, seems like a big responsibility.

Take the time now to plan your fundraising campaign for the 2009/2010 season. Take the time to review fundraising materials and programs, talk to your Fundtastic Fundraising representative, and decide what program works best for your school or organization. You can put your plan in place now, relax over the summer, and have

everything ready to launch in the fall! (And if your term on Parent Council is over at the end of this school year, you can be sure that next year's Parent Council will be most thankful if you leave them with a fundraising plan for the upcoming school year!)

Fundtastic is pleased to offer a number of new fundraising initiatives for the upcoming year, including our 2-for-\$2 program, a new, healthy in-school program featuring Amazin' Raisins, and our Nestle Boo Boxes just in time for Hallowe'en. We also offer our core fundraising programs featuring Nestle, Nature's Treasures and our in-school popcorn program, which offer some of the best profit margins in the business! (In fact, Nestle profit margins are the highest they have ever been!)

We look forward to helping you plan your fall fundraising campaign now, so you can take the summer off and enjoy the holidays!

Happy Earth Day everyone and we look forward to working with you on environmentally and socially responsible fundraising programs.

On behalf of Fundtastic Fundraising,

June Nicholson
President & CEO
