Welcome back to another school year! As you begin planning your activities for the year and establish your fundraising goals, we'd like to introduce ourselves to new school councils and fundraising committees, and for those of you who already know us, we'd like to remind you about our commitment to quality, responsible fundraising!

As an educator, parent, volunteer or administrator, you are well aware of the importance of fundraising as a tool to augment school programs and activities, or to enhance the opportunities available to non-profit organizations, sports groups, or clubs.

Along with our core product line of Nestle, Nature's Treasures and Kernels popcorn, Fundtastic Fundraising is pleased to introduce a number of new products this fall to support our commitment to responsible fundraising, and are proud to be the leader in eco-fundraising programs.

* Our new line of Plantable Paper products takes fundraising to a whole new level, with quality greeting cards, calendars, gift bags and gift wrap that when planted after use, will produce a living garden.

* We've recently added a new product, perfect for in-school lunch and snack programs. Our Loaded Smoothies are a 100% all natural fruit juice blend smoothie. This further adds to our product line of healthy eating choices, and we're thrilled to announce that our Loaded Smoothies, along with our signature all-natural Belgian chocolate line of Nature's Treasures, has been certified by the Canadian Health Food Association as a healthy snacking option.

* We're also pleased to introduce a complete line of Gourmet Baking Blends to our fundraising catalogue, which are great for families or as great holiday gifts.

On behalf of Fundtastic Fundraising, I would like to reaffirm our commitment to providing you and your organization with the chance to work with a fundraising organization that not only provides PROFITABLE and EFFECTIVE fundraising programs, but also recognizes the importance of HEALTHY, SOCIALLY RESPONSIBLE and ENVIRONMENTALLY RESPONSIBLE fundraising programs.

We've introduced some great new products this year to help support our commitment to responsible fundraising, and which support eco-initiatives being undertaken by schools across the country. Contact us at Fundtastic and one of our sales representatives would be delighted to meet with you and bring you a "sampler" of our responsible fundraising products!

On behalf of Fundtastic Fundraising,

June Nicholson

INTRODUCING PLANTABLE PAPER -- a lasting memento of your fundraising initiatives!

With eco-initiatives being at the forefront of school curriculum, we've introduced a fundraising program that will support your commitment to going green.

Our Plantable Paper program offers a full line of greeting cards, note cards, gift tags, wrapping paper and gift bags that grow into a beautiful garden after use.

When you choose our Plantable Seed Paper for a special invitation, holiday greeting or note, you give a lasting memento of the event to the recipient. After you've finished with the paper, simply prepare a pot or small patch of garden, place the Plantable Paper on top and cover with a tiny layer of soil, water well and give plenty of sunshine. Your Plantable Paper will grow into a beautiful garden of wildflowers and will not only be a reminder of your special event or greeting, but will also help green our communities.

We're also pleased to offer another unique program utilizing Plantable Paper -- our industry-leading Grow-Green-A-Thon fundraising program is a simple and affordable way to raise funds, and let's you green your community or your school yard at the same time! Ask us how to take part in this unique fundraising initiative.

A REMINDER ABOUT THE IMPORTANCE OF PEANUT & NUT FREE PRODUCTS!

Ontario's Bill 3, also known as Sabrina's Law, clearly indicates that schools must "reduce the risk of allergen causative agents" within the school. If a suitable product exists, the responsible choice would be to purchase and use a product which is sensitive to allergy issues. Specifically, products containing peanuts and nuts pose severe risk to a number of families in our community, and it is everyone's responsibility to reduce the risk to these allergen sufferers but purchasing products that contain a peanut and nut free symbol.

Fundtastic Fundraising is Canada's premier company dedicated to only peanut and nut free food products.

As well as all our new products, our existing line-up of peanut & nut free products includes:
